This is my third year at Wonder, but my first as a Teacher. I started here as an undergraduate student teacher, became part of the Wonder family as a Pre-k Assistant Teacher, and now am the Pre-K PM Teacher. I just finished the teacher credentialing program through Cal Lutheran University, and I am currently working towards a Master's degree in Teacher Leadership.

Outside of being a Teacher and Student, I enjoy spending time with my family, boyfriend, and my 4 year old Godson. I also love going on Disney trips!

I am so excited for this year! I look forward to applying my education and experience, as well as learning so much more along the way!
